

## **GARDENING with WILDLIFE IN MIND**

What can we all do to help Nature in our own gardens? Find out by coming along to an illustrated presentation by Iain Webb, Community Conservation Officer at our local Wildlife Trust

Iain will show us some easy, practical steps to encourage birds, insects and other wildlife into our gardens

Afterwards there will be an opportunity to visit a wildlifefriendly garden in Great Wilbraham

## Wilbrahams' Memorial Hall, Tuesday 11 June at 7.15pm

"Together we really can make a big difference"
