

FUGOLBURNA - our river

COME AND SEE this beautiful film which tells the story of our precious Chalk Stream River which desperately needs protection. It flows (sometimes) from its two sources in Fulbourn Fen Nature Reserve and the grounds of The Temple Great Wilbraham through our villages & meanders to Wilbraham Fen and beyond. Professionally produced for Fulbourn Forum, the film shows the efforts being made by community and environmental groups to support nature recovery and to maintain and improve local ecosystems.

Wilbrahams Memorial Hall Angle End Gt Wilbraham

Monday 20th January at 7.30pm. (with Q & A)

*Presented by Wilbraham
